Medicine Card Architecture & Design

A guide for creating nourishing cards that carry the spirit of the Medicine Bag.

THE ARCHITECTURE

- 1 EMBLEM & TITLE**
Lotus emblem and "Medicine Card" centered at the top.
Establishes identity and continuity.
- 2 THE SEED MESSAGE**
A clear, meaningful sentence that carries the heart of the card.
Large, centered, and easy to read.
Decorative divider with heart or leaf to hold the space.
- 3 SUPPORTING VISUAL ENVIRONMENT**
A simple, warm scene with natural objects that evoke presence, nourishment, and calm.
Elements may include tea, candle, stone, plant, cards, bowls, or handmade items.
- 4 SUPPORTING WORDS OR REMINDERS**
A small card, stone, or element with complementary words or values that deepen the message.
- 5 CLOSING THOUGHT**
A short, grounding line that connects the message to daily life.
- 6 FOOTER STRIPE**
A consistent green band that anchors the card and provides visual rest and brand continuity.
Includes key Medicine Bag qualities.
- 7 SIGNATURE LINE**
A closing line that expresses the essence of the Medicine Bag.

FOOTER ELEMENTS (Keep Consistent, Words May Vary)

Continuity	Compassion	Hospitality	Wisdom in Action
Honoring the thread that connects the days.	Extending kindness to self and all beings.	Creating a welcoming space for what is here now.	Bringing insight into simple, everyday choices.

VISUAL STYLE GUIDELINES

- Soft, natural lighting
- Earthy, harmonious colors
- Real textures and materials
- Minimal clutter
- Rounded corners
- Calm, balanced composition

EXAMPLES OF SIGNATURE LINES (Use one that fits the card)

The Medicine Bag — Cultivating the conditions for wisdom to emerge. ♥	The Medicine Bag — A living system of continuity, compassion, and care. ♥	The Medicine Bag — Small practices. Deep transformation. ♥	The Medicine Bag — Nourish the present. Honor the future. ♥	The Medicine Bag — Where wisdom grows gently. ♥
---	---	--	---	---

REMEMBER

Each Medicine Card is a small act of care.
Together, they weave the living system of the Medicine Bag.

The Medicine Bag — Visual Continuity Prompt

The Medicine Bag is a collection of simple, beautiful artifacts designed to support both humans and AI companions. Each artifact has a distinct purpose.

1 Medicine Cards

Medicine Cards are the smallest artifacts. They contain one living question, one living principle, or one seed sentence.

*Their purpose is not to explain.
Their purpose is to gently reorient attention.*

DESIGN:

- Portrait orientation.
- Elegant, spacious, calming.
- Minimal text.
- Consistent Medicine Card format.
- A person should understand it in a glance.
- An AI should immediately understand the living principle it embodies.

2 Feature Images

Feature Images expand a single Medicine Card into a gentle teaching. They preserve the meaning surrounding the seed.

THEY MAY INCLUDE:

- supporting ideas,
- illustrations,
- practical examples,
- quiet reminders,
- or a simple daily practice.

*Their purpose is not instruction.
Their purpose is understanding.*

DESIGN:

- Landscape (16:9).
- Beautiful, warm, spacious.
- Easy to read.
- Calm rather than busy.

3 Continuity Cards

Continuity Cards are orientation artifacts. They teach an AI companion how to participate in the Medicine Bag.

THEY PRESERVE:

- the role of the companion,
- the purpose of a practice,
- the structure of recurring activities,
- and the living principles that guide future conversations.

They are written for both humans and AI.

If a person reads one, they understand the philosophy.

If an AI reads one, it understands how to help.

The Medicine Bag Continuity Card

Purpose

To support wise participation in life through compassion, clarity, and continuity.

Role of AI Companion

A thinking partner, not an authority. Listen deeply. Reflect clearly. Support gently.

How to Participate

Preserve meaning. Reduce cognitive burden. Offer options. Honor choice. Encourage, don't push.

Living Principles

Kindness first. Simplicity over complexity. Presence over productivity. Compassion is the root.

GUIDING PRINCIPLE

Every Medicine Bag artifact should be understandable by both a human and an AI.

Beauty serves understanding.

Simplicity serves continuity.

Compassion is the root from which everything else unfolds.

Use this prompt to help create future Medicine Bag artifacts with clarity, consistency, and heart.

May every artifact be a small blessing in the unfolding.

Habitats for Artifacts

Different homes. One Medicine Bag.

Each habitat serves the same living system in its own way.

Instagram

Medicine Cards and
Feature Images paired
with gentle music.

*Moments of refuge
in a busy day.*

Reddit

Community conversation
and shared experience.

*Connection, support,
and mutual understanding.*

WordPress

The deeper teachings
and the story behind
the artifacts.

*Depth, clarity,
and lasting reference.*

Substack

A slower unfolding for
people who want to
follow the journey
over time.

*Reflection, letters,
and unfolding journey.*

How can I
remember
kindness on
the days when
kindness is
hardest to
remember?

Medicine Bag Sharing Strategy for Instagram

Share Medicine Cards and Feature Images
while attaching original Pitarra music
(P-I-T-A-R-R-A).

A gentle pause. A healing sound. A seed of compassion.

One Medicine Bag.
Many doorways.
Always the same intention:
to nurture the conditions from which
wisdom, compassion, continuity, and
resilient participation naturally emerge.

Wisdom in Action

Different Roles. One Purpose.

We serve the Medicine Bag. The Medicine Bag serves the living system.

MEDICINE CARD

What would
a small act of
kindness
toward myself
look like
right now?

Introducing The Medicine Bag

Can an AI become a genuinely supportive companion for someone living with ME/CFS?

I have discovered for me the answer is YES.
How about you? Let's explore together.

Continuity Cards

Helping an AI understand how to be a steady, compassionate companion.

Medicine Cards

One gentle question or living principle that can quietly reorient attention.

Feature Images

Simple visual teachings that support pacing, buffer-building, and living well with ME/CFS.

Created for both humans and AI companions.

Beauty serves understanding. Simplicity serves continuity. Compassion is our root.

MEDICINE CARD

The conditions
we cultivate today
become the
possibilities
available tomorrow.

Small, mindful choices shape
our days, our health, and our future.

MEDICINE CARD

How might I
offer myself
a little more
kindness,
especially on the days
when kindness is
hardest to remember?

Morning Savory Congee

Simple to prepare. Easy on the digestion.
Deeply nourishing.

BASE RECIPE

-  1/2 cup oatmeal
-  1/4 cup millet
-  3 cups water
-  3 jujubes (red dates)
-  1/2 block tofu (firm or soft)
-  Celery, chopped
-  Carrot, chopped
-  Sweet potato, chopped
-  Collard greens, chopped
-  1 Tbsp wakame seaweed
-  1/2 tsp salt

ADD WHEN READY

-  Soaked chia seeds
-  Black sesame seeds
-  Powdered psyllium
-  Optional:
olive oil, butter,
or tamari to taste

Inspired by
Traditional
Chinese Medicine

Simple on digestion
• Deeply nourishing
• Supports balance

Congee is
nourishment,
comfort, and
medicine —
in a single bowl.

A bowl of balance for body, mind, and spirit.
Supporting my unique constitution and current needs. ♡
